Dear Dr. Brown:

Thank you for your letter of 14 June and your kind invitation to address the Inter-University Seminar on Armed Forces and Society (IUS) conference on 28 April 1978.

I would like very much to address the conference and exchange views with the IUS Fellows, but the uncertainties of my calendar do not permit me to schedule events that far in advance.

The Agency could provide two specialists to participate in your panels on Latin America. One would present a paper on "The Latin American Military in the 1980s", and the other would serve as a discussant on Cuba.

Thank you again for your invitation.

Yours sincerely,

STANSFIELD TURNER

MEMORANDUM FOR: Director of Central Intelligence

THROUGH : Deputy to the DCI for National Intelligence

FROM : Acting Assistant NIO for Latin America

SUBJECT : Invitation for DCI to Address Conference in April 1978
at Southern Methodist University (SMU)

1. Action Requested: DCI signature on letter to Dr. James Brown, Department of Political Science, Southern Methodist University (SMU).

2. Background:

a. Dr. Brown, of SMU's political science department, is chairing a regional Inter-University Seminar on Armed Forces and Society (IUS) to be held in Dallas, 27-29 April 1978. The conference will be entitled "The US Military in Foreign Policy in the 1980s". Dr. Brown, at the suggestion of Professor Morris Janowitz of the IUS, has invited Admiral Turner to be one of the principal speakers during the conference. The IUS is a prestigious organization, and Professor Janowitz is a leading political scientist who has written extensively on the role of the military in society. Because of the distant date of the conference, I am recommending the DCI express his regrets and offer a substitute speaker.

b. Dr. Brown also asked if the Agency could participate in two special panels on Latin America. I suggest that we offer two senior Latin American specialists: one as a discussant for the panel on Cuba and the other to present a paper on "The Latin American Military in the 1980s".

Admiral Stansfield Turner
Director
Central Intelligence Agency
Washington, D. C.

Dear Admiral Turner:

Professor Morris Janowitz of the Inter-University Seminar on Armed Forces and Society (IUS) suggested that I write to you in connection with a Regional IUS Conference to be held in Dallas, April 27-29, 1978, which I am chairing. It will be entitled "The U.S. Military in Foreign Policy in the 1980's."

I would like to invite you to participate in this conference as one of our principal banquet speakers on Friday evening, April 28. As you will note, the general topic of the conference is broad. With your vast experience in the armed forces and your present position as Director of the CIA I am confident that you would present the IUS Fellows a most stimulating presentation. The specific topic for your presentation I will leave up to you. If you accept--and we certainly hope you will--my telephone number is given below. Please call me and discuss further your plans and topic.

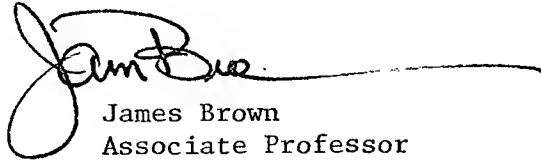

Also, I would like to inquire whether another member of your Agency would be available to participate as a discussant or presenter of a paper in either or both of the following special panels on Latin America:

Friday, April 28-	"The Latin American Military in the 1980's: A Conservative or Progressive Force?"
or	
Saturday, April 29-	"The Hovering Cuban Shadow and Its Impact on Latin America"

The Conference has available some monies to help defray part of the costs of attending this conference.

In advance, my sincere thanks for considering this request. If you need any additional information call me collect at (214) 692-2524.

Respectfully yours,
